

HOT DAWG® POWER-EXHAUSTED, GAS-FIRED UNIT HEATER (MODEL HD)

- Hush-puppy quiet operation (see table)
- Right or left hand controls available on all 30-75 units. Gas, electrical and flue connections can be changed by simply flipping the Hot Dawg over
- Uses natural or propane gas
- Lightweight, easily installs 1" from ceiling with only two angle brackets (included on sizes 30-75, accessory for 100, 125)
- Full 10-year warranty on heat exchanger
- Standard power exhaust simplifies side-wall or roof venting with small-diameter vent pipe
- Permanently-lubricated motor for trouble-free dependability
- Controls can be either single or two-stage, direct spark ignition, 100% shut-off with continuous retry
- Low-profile design and neutral color to blend in with decor
- Also available with a blower (model HDB).
 Contact Modine for further information

Hot Dawg Applications

Model	Btu/Hr Input	Typical Application
HD/HDS 30	30,000	1 to 1-1/2 Car Garage
HD/HDS 45	45,000	2 to 2-1/2 Car Garage
HD/HDS 60	60,000	3 to 3-1/2 Car Garage
HD/HDS 75, 100, 125	75,000-125,000	Large Garage

*Sizing data for sample only. Consult a qualified installer for the actual requirements for your building.

HOT DAWG® H₂O LOW PROFILE HOT WATER UNIT HEATER (MODEL HHD)

- No external moving parts twin centrifugal blowers keep all moving parts inside the cabinet
- Mounting flexibility (parallel, perpendicular or recessed between joists) allows for horizontal or vertical air delivery
- Low-profile design
- Available in hammertone beige
- Constructed of heavy gauge steel for clean appearance and maximum headroom
- Includes two mounting brackets with vibration isolators to reduce noise and vibration
- Internal coil can handle water pressures up to 150 PSI and temperatures up to 200° F

Hot Dawg H_oO Applications

Model Sizes	Airflow (CFM)	GPM	140° F BTU/hr	180° F BTU/hr	Application
HHD 30	405 405	2 4	20,600 24,200	30,900 36,300	1 to 2 car garage
HHD 45 (high speed)	710 710	2 4	29,900 35,100	44,800 52,700	2 to 3 car garage
HHD 45 (low speed)	425 425	2 4	20,700 24,400	31,100 36,600	2 to 3 car garage

HOT DAWG® SEPARATED COMBUSTION GAS-FIRED UNIT HEATER (MODEL HDS)

Same features as HD, with these added benefits:

- Draws combustion air from outside the work space, ensuring the unit always has plenty of fresh, clean air to breathe
- The fresh air supply reduces common concerns about dusty, dirty or humid applications, providing greater durability and reduced maintenance
- Factory assembled, certified separated combustion saves installation time

Performance Data - Model HD/HDS

EFFINITY 93° CONDENSING UNIT HEATER (MODEL PTC)

Looking for the most efficient unit?

- All model sizes operate at 93% efficiency, making it the most efficient gas-fired, condensing unit heater in North America
- Features Modine's high-grade stainless steel Conservicore® technology secondary heat exchanger
- All sizes are separated combustion
- The standard Contractor Convenience Package allows for easy connectivity and troubleshooting with a factory mounted disconnect switch, external operating lights and convienience outlet
- A minimum 15% decrease in CO₂ versus other gas-fired heaters and minimum 17% gas savings (up to 40%)
- A smart investment and respectable ROI with valuable state utility rebates available

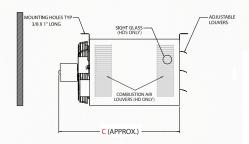

Performance Data - Model PTC

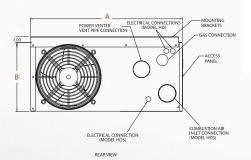

55	65	85	110

- Ratings shown are for elevations up to 2,000 ft. For elevations above 2,000 feet, ratings should be reduced at the rate of 4% for each 1,000 feet about sea level. (In Canada see rating plate.) Reduction of ratings requires use of high altitude kit.
- Data taken at 65°F ambient and unit fired at full-rated input. Mounting height as measured from bottom of unit, and without deflector hoods.
